

4th International Marine Protected Areas Congress IMPAC4 Chile 2017

List of Accepted Contributions – Symposium

Ref.num.	Last Name	First Name	Title
DOCI2H0Z	Appiott	Joseph	Regional approach for enhancing the national capacity to implement cross-sectoral marine spatial planning and marine protected areas
DOCI2H0Z	Appiott	Joseph	Sharing national experiences on achieving Target 11 in marine and coastal areas, including the contribution of other area-based conservation measures
EQ22PW21	Calcari Campbell	Meaghan	The Story of How Eighteen Governments Came Together with Marine Spatial Plans that Achieve Stewardship, Social, and Economic Goals, and how the Nineteenth Government's Marine Protected Area plans are intersecting
RC8MPGA6	Chacon	Carlos	Developing a Science-based Approach to Scale Up Transboundary Marine Policy and Management: the Transboundary Galapagos – Cocos Swimway
UMPLZP1S	Chacon	Carlos	Building regional public-private alliances for sustainable financing of long-term conservation actions in the Eastern Tropical Pacific and the Caribbean Sea
3NIXHHGR	Cronin	Drew	A global SMART approach to improving effectiveness of marine protected areas
JO5A3KBM	Cunningham	Erica	Taking Fisheries Management and MPAs to Scale: Tools and Case Studies from Around the World
JFEGDNEO	Durussel	Carole	Southern Hemisphere Perspectives on Advancing BBNJ Governance
7E7QMG97	Dutra	Guilherme	Multiple use MPAs as opportunities to ally conservation, sustainable fisheries and

			community development in low governance environments
8Q67L979	Etienne	Janique	Essential ecosystems: protections against climate change
SE6I1UIP	Gaymer	Carlos	Marine protected areas in Chilean oceanic islands: particularities and challenges for decision-making
YST00CFM	Gaymer	Carlos F.	MPAs in Polynesia: natural and cultural protection through local involvement
064OORGG	Gjerde	Kristina	Next steps for EBSAs: Evolving descriptions to protection under a new international treaty for marine biodiversity beyond national jurisdiction
TDI9GBJU	Glynn	Polita	The role of MPAs in achieving ocean health and sustainable blue economies
FD099PFS	Gruby	Rebecca	Marine wilderness or peopled seas? Insights from research on the human dimensions of large-scale marine protected areas
TNJA058Q	Guijon	Rodrigo	Argentina and Chile - common approaches for marine conservation in Patagonia and Antarctica
8G2FRND9	Haüssermann	Verena	Symposium on marine biodiversity of Chilean Patagonia: discoveries, threats and conservation
W245PPKN	Jessen	Sabine	Meeting the 2020 Targets in Canada: challenges, successes, opportunities and lessons learnt in developing a national network of MPAs over the past 25 years
SND2Y49W	Johnson	David	The Global Ocean Biodiversity Initiative: Enhancing the utility of EBSAs for area-based management
3GCH2Q3Z	Kavanagh	Andrea	Antarctic Marine Protected Areas (MPAs)
XOWAD87S	Kuczach	Angela	Marine Protected Areas and Marine Biodiversity of Brazil: An Action Plan for a Positive MPA Agenda
ODP1LX5Z	Leão	Adriana	Assessing advances towards global 2020 & 2030 targets
ZRX3I5NY	Leite	Daniela	Multiple Strategies for the Large-Scale Financing of Coastal and Marine Protected Areas in Brazil
YZXA7Y8S	McGowan	Jennifer	Decision Science for Marine Spatial Planning: novel tools and practical applications
IMPEMEY1	Otero Villanueva	Maria del Mar	MPA acting on climate change: toward a global MPA network and community to fight climate change impacts
9T9OSL5H	Phua	Carol	MPAs as tool and pathway to Achieving CBD (Aichi Target 11) and SDG14
TDI9GBJU	Rand	Matthew	Ocean Legacy symposium
TDI9GBJU	Rand	Matthew	Making Waves across Latin America

GC4PY6H9 TNJA058Q	Rand Sapoznikow	Matthew Alexandra	Marine reserves are climate reserves Civil society networking for marine conservation in the Southern Cone: lessons from collaborative working
S5KW1T0J	Sevin	Marie- Aude	CLIMPACT – Creating global MPA network to act as sentinel sites on climate change. A cutting-edge project to connect the CBD and the UNFCCC
41KN9TC0 MMRDUV07	Symons Tecklin	Despina David	MPAs and food security Beyond MPAs and terrestrial parks: Integrating marine and terrestrial protected area strategies in western Patagonia
TD5624	Thompson Poo	Daniel Camilo	Using International Law and Media to Improve Management and Protection of MPAs and Ecosystems in the Americas
VN69DEWE	Valenzuela	Jorge	Red de reservas costeras: “Una herramienta pública – privada para potenciar la gobernanza, protección y fomento de sitios de alto interés ecológico y cultural”
0I512KEQ	Van der Meer	Liesbeth	Local communities and Marine and Coastal Protected Areas: Conservation from experience
18H9XUPW	Westlund	Lena	Protecting Vulnerable marine ecosystems (VMEs) in the high seas from bottom fishing impacts
UY7GZUI7	Burns Tuki	Ludovic Vetea	Sustainable development initiatives involving MPAs
OY39ETI2 72M741Z2	Holzer Gulko	Guillaume David	Indigenous communities & MPAs Surveillance and enforcement techniques
