

4th International Marine Protected Areas Congress IMPAC4 Chile 2017

List of Accepted Contributions – Workshop

Ref.num.	Last Name	First Name	Title
5S47YP7H	Abreu	Andre	Signatories countries committed to explore how to take into account ocean related actions under NDCs
WYB3UWCE	Adams	Robin	Kogelberg Marine Research Monitoring Program
AL3578	Arce	Lorena	Comunidades indígenas y Áreas Marinas Protegidas: oportunidades y desafíos para la conservación marina
HOK2YWME	Buchan	Susannah	Ocean Noise workshop (Ruido en el Oceano%u201D)
FAB5R1KB	Burns Tuki	Ludovic Vete	Rapa Nui and the important to built a marine protected area with the comunity
RXE1Q7AZ	Canals, Goussard, Staub, Hernandez, Alves, Mills	Purificado, Jean-Jacques, Francis, Aina, Maria Fatima, Katharine	Towards a transatlantic partnership of Marine Protected Areas (MPAs)
STQRNECD	Canals, Goussard, Staub, Hernandez, Alves, Mills	Purificado, Jean-Jacques, Francis, Aina, Maria Fatima, Katharine	Towards a transatlantic partnership of Marine Protected Areas (MPAs) Twinning and partnerships, tools to enhance collaboration between MPAs...
CG3G09FL	Carr	Mark	Ecological Connectivity: Implications for the design, management and role of MPAs as conservation tools in a changing global climate
9D8OUG0B	DeGarmo	Albert	Sustainable Financing Strategies for Marine Protected Areas

T94TNH10	Delfino	Deisiane	Participative methodologies for management and governance of coastal marine protected areas: identity and values between Land and Sea
KZGKEDY9	DIAGANA	Mallé	L'initiative EBSAs: un processus pour l'atteinte de la cible 11 d'Aichi (domaine marin) et des Objectifs du Développement Durable
X5PW8MLK	Diop	Abdoulaye	Guide Methodologique pour la mise en place et la gestion d'une aire marine protegee
JC3I6X13	Dudley	Nigel	The role of marine protected areas as natural solutions
L4Y9KBTZ	Felipe	Rodríguez Besa	Legal tools for wave protection as a strategy to conserve their aesthetic and recreational value.
D8ZZBX4Q	Figueiroa	Apoena Calixto	How to protect? A method to choose Marine Protected Areas IUCN Categories based on ecosystem-services
ELBCCS66	Fischborn	Marie	Large-scale MPAs – Success stories and learning for the way forward
OEIFIA0I	Fletcher	Steve	Harnessing citizen behaviour change to support marine conservation
ZPNWYED9	Gallon	Susan	The automated detection of marine megafauna: remote monitoring in vast and isolated spaces
SPZT5RMT	Gulko	David	Incorporating Coral Ecological Services and Functions Valuation into Compensatory Mitigation for Reef Damage
MJENBNV0	Häussermann	Verena	Workshop on marine biodiversity of Chilean Patagonia: discoveries, threats and conservation
OOMX3I9I	Howe	Steffan	Monitoring, evaluation and reporting for marine protected area management: innovative ideas to progress current approaches
Z8EZOCUS	Johnson	David	Using EBSA information to establish and manage MPAs
OJU25IJX	Korting	Janina	Solutions for MPA financing – success stories and their potential for broader application
FQ009RWK	Leggott	Conor	Students on Ice (SOI)

LGKJEEA2	Lieberknecht	Louise	Stakeholder engagement in MPA planning and management avoiding disasters, ensuring success
VSC3JFQ1	Marie	Romani	Workshop: power of working at regional scale and connecting people
BGXR9Y3X	Marie	Romani	Strengthen the network and capacities of marine protected areas to manage Marine Megafauna
UV09IZNA	Mateos-Molina	Daniel	Stakeholder participation and Marxan to propose a cost-effective network of Marine Protected Areas in Gulf Waters of the United Arab Emirates
9ST14PQA	McClintock	Will	Using SeaSketch & other mapping tools for marine spatial planning
9JP6Z5C5	Mora	Arturo	Improving the performance of Marine and Coastal Protected Areas through the IUCN Green List
SCJE47GQ	Morisseau	François	Approaches and tools to help the development of educational marine managed areas
MJ1596	Mundy	Jason	Improving compliance surveillance and monitoring programs in marine protected areas
A4K3EP7Y	Nelson	Anne	Guidance for MPA managers and planners on marine mammal protection and marine renewable energy suitability and siting
B8CT3Z5J	Osipova	Elena	The IUCN World Heritage Outlook %u2013 tracking progress of marine World Heritage sites towards reaching global targets
IMPEMEY1	Otero Villanueva	Maria del Mar	MPA acting on climate change: toward a global MPA network and community to fight climate change impacts
EBZ1TX6J	Ricci	Glenn	MPAs and promoting small-scale enterprises that support on complementary marine conservation strategies.
OHDM8CHO	Rodrigue	Mark	Citizen Science for Marine Protected Areas
LFF0LZ8D	Sanquer	Roland	The young people learning and protecting the sea in EMMAs: what's up?
O1512KEQ	Van der Meer	Liesbeth	Local communities and Marine and Coastal Protected Areas: Conservation from experience

RRAOOZQQ	Weatherdon	Lauren	Enhancing South-South cooperation towards global marine protected areas targets in South America and the Caribbean
GLDAOEN7	Wilhelm	Aulani	Going to Scale in the Ocean – from large scale MPAs to whole domain management: Celebrating ocean partnerships and sharing lessons learned from the commitments in going to scale in ocean conservation, from large scale MPAs to the building momentum for whole domain management
5TL5EWPH	Wilhelm	Aulani	Disruptive Conservation: Scaling Ocean-Based Solutions to Sustainable Development and Private Sector Engagement through Co-Design and Innovation
F4QJ3ND6	Wolff	Matthias	Simple Fisheries monitoring of locally managed marine areas: a community-based approach
